

I’d like to give a high five to Jefferson Co. Sheriff’s Office Receptionist, Tracy Neuhauser. Given the proximity of my office to the receptionist area, I hear Tracy interacting with members of the public all day long. She always has a positive and friendly attitude; even when she’s giving out directions to the jail lobby, for the 50<sup>th</sup> time that day, she never loses her sunny attitude. She has the BEST customer service attitude that I’ve even seen, from a public servant! Additionally, she always goes the extra mile to positively interact with her co-workers. As a result, she’s become a highly valued and appreciated member of JESO, since she began her position here, in December 2017. Thank you, Tracy, for all that you do! *Leah Meyer*

I would like to recognize Kathy Hart for her timelines, thoroughness and over all compassion for what she does! *Barbara Gang & the CLTS Team*

Congratulations to Staci Hoffman for being nominated by the WI Counties Association (WCA) to attend the Cambridge Leadership Institute in Washington DC the week of June 9-14th. WCA sends one person from the state to attend this training and Staci was selected.

We are proud to have Staci represent Wisconsin... *Mary Beth, Julie, & Kaela, ROD Girls*

Had a great turnout again on Saturday for a volunteer project at Carlin Weld with UW-Whitewater students. Ryan Polenski organized and the led the project removing invasive woody plants to the north of the Shelter and Restroom at Carlin. I big high five to Ryan for his hard work organizing volunteer projects with George Clokey's students again this year. Getting some great work done in the parks!! *Kevin & Joe*

I would like to give a high five to Jody Chandler. He is always very friendly and very helpful whenever asked for something. He will stop what he is doing and accommodate you right away. Just an all-around nice guy! *Donna Miller*

I would like to thank the Zoning Staff and Solid Waste Committee for all the support given to me the past 18 years. In the last 18 years I have interacted with many County employees and appreciated their help and input for my job.

Two of the most trying projects were COOP/COG and reviewing the printer maintenance for the County. Rob and I spent many hours working on COOP/COG and were very excited when it was finally completed. The printer maintenance was a challenge, with the support of Kathy Hart and Donna Hollinger we able to wade through all the proposals and make our final recommendations.

I have met wonderful people though the partnerships developed and all the Solid Waste/Recycling Originations. They have been the best of the best. Jefferson County Board has been a strong supporter of the Clean Sweep/Recycling Programs and you made my job easy. The Sheriff’s Office and local Police Departments have been on board for collecting old medications. The Sheriff’s drug box was the first and now we have one in everyone law-enforcement department in the County. The Sheriff had to work for 18 months to get that box approval from the DEA. You have been great and thank you.

It is sad to say good bye, but your support will always be appreciated. *Sharon Ehrhardt*
